

**Community
Services Fund
of Nebraska**

You make a difference. Your support is important. Thank you!

This year has brought many challenges to our community, to our state, to simply everyone. We have adapted as best we can to this new world. Many of our nonprofits saw an increase in demands for their services. All of our nonprofits, businesses, and donors have seen a change in operations.

Through these challenges, your support made a difference. Your gifts had an impact. YOU were, and continue to be, important to your community.

Community Services Fund of Nebraska is here to help you by offering an easy, effective way to support the cause, or causes, you care about most.

CSF believes strongly in donor designation. It is your gift. It should be your choice.

**2020
IMPACT REPORT**

What's next?

2020 brought many disruptions to our daily lives. None of us could have imagined what this year had in store for us. Thinking back to March, how many thought we would still be in this position almost a year later? And yet, here we are.

Virtual meetings, expanded work from home, curbside pick up. How do you deliver services and programs to the people that need them, while keeping everyone safe and healthy, and following health guidelines? And how do you do that in the blink of an eye?

Our nonprofit partners adapted and evolved. They did what needed to be done, simply because someone needed to do it. Changes that would normally have taken 3-5 years to review, research, implement, and evaluate were done in a matter of days or at most weeks.

Some of those changes should and will be preserved. Some changes will revert to prior procedures as soon as that is feasible. Our collective experience and memories of this time will be with us always. That is one thing no one can change.

THANK YOU to all of our donors, worksites, and volunteers. Because of you, our nonprofits have the support they need during challenging times.

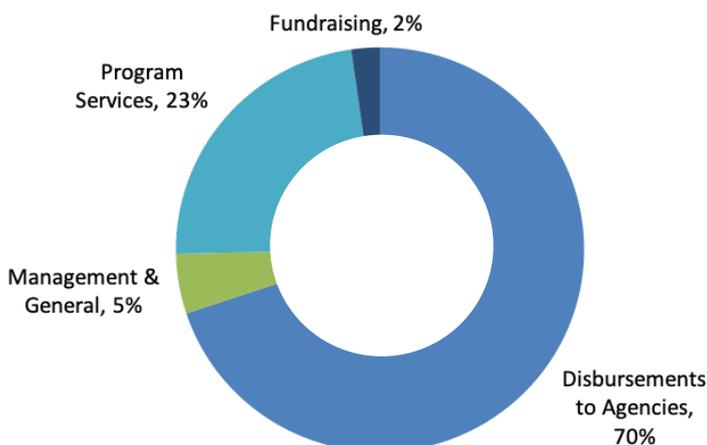

Sincerely,

Community Services Fund of Nebraska is proud to partner with 70 nonprofits throughout Nebraska, nonprofits sustaining arts and culture, youth and adults, animals and the environment, and so much more!

Our nonprofits make our communities stronger, more vibrant places to live and work. This year has shown us what a world looks like without art, music, museums, and more. What virtual education looks like and the challenges it presents. The difficulties in supporting children when you can't see them in person.

We represent arts, environment, animals, education, social justice, health, and human service organizations, and much more. We are honored that you choose to support these incredible organizations!

A Message from the Board Chair

The Covid-19 pandemic created great challenges for many in 2020 and the Community Services Fund of Nebraska, our member agencies, and workplace partners were no exception. Nevertheless, we are proud to have been able to continue to support more than 70 nonprofit organizations, add additional agencies to serve, and increase the number of participating worksites. As a result, we are pleased to have had another successful year when demand on services were needed most.

The Community Services Fund of Nebraska continues to be an easy and effective way to match donors with a wide range of nonprofits that provide services across the state, allowing donors to choose for themselves which programs and services they want to support.

Thank you to everyone that helped navigate through the challenges of this past year to meet the needs of Nebraskans.

In conjunction with our workforce partners, the board of directors, staff, and participating agencies are proud of our successes in 2020 and look forward to meeting the challenges of 2021.

Sincerely,
Tim Becker
